# WELCOME

## THANK YOU FOR TRUSTING US

Welcome to Baptist Health Lexington. We are pleased that you and your physician have chosen us for your healthcare needs. We strive to make you as comfortable as possible to meet your needs and those of your loved ones. If you have any questions or concerns, please don't hesitate to ask your physicians or your nurses. You also may call Patient Experience at ext. 6168 for assistance, information or to register a concern. Baptist Health Lexington offers some of the most advanced medical facilities, technologies and capabilities available in the region. Since opening in 1954, we've been committed to finding ways to serve the people of Kentucky's Bluegrass area. What began more than 60 years ago as a 173-bed community hospital is now a 434-bed major medical research and education center. Today, Baptist Health Lexington has one of the busiest and most respected heart programs in the Commonwealth. Our Cancer Center offers a range of services, from chemotherapy to clinical trials. We are a certified orthopedic hospital and stroke center. Our family-centered obstetrics program delivers some 4,000 babies a year. In fact, we pride ourselves on being the facility of choice for families in Central and Eastern Kentucky.

Sincerely,

Chris Roty

President, Baptist Health Lexington

## ADVANCE CARE PLANNING

Advance Care Planning is for all adults over the age of 18 regardless of their medical condition. This type of planning prepares you and your loved ones for future healthcare decisions in the event that you no longer have decisional capacity, have a terminal condition, or become permanently unconscious. One of the most important decisions you can make about your healthcare, is to document your wishes in an advance directive. Kentucky law recognizes several types of advance directives, including a living will and healthcare surrogate designations, durable powers of attorney, medical orders for scope of treatment and mental health treatment directives. Laws vary from state to state.

Let your nurse know if you would like to speak to someone about Advance Care Planning. For more information or a living will, contact Pastoral Care at 859.260.6575.

## INTERPRETING SERVICES

Baptist Health Lexington is pleased to help patients and their family members who do not speak English and patients who are deaf or hard of hearing. For non-English-speaking patients, we provide interpretation for more than 280 languages and dialects through a phone interpreting service. On-site interpreters and video remote interpreting service are available when needed. In-person American Sign Language interpreters are available for patients who are deaf. These services are available 24 hours a day, seven days a week, and are offered at no cost to the patient.

Contact our on-call Chaplain at 859.260.6575 with any questions.

# PATIENT EXPERIENCE MATTERS TO US

How's your stay? Are you getting the care you need? Are your doctors and nurses listening and responding to your questions or requests? Our goal is to provide the best quality care. To do so, we ask for feedback from patients like you.

## During your stay

Please speak with your nurse or nurse leaders if you have any questions or concerns about your care. If your issue still is not resolved, then contact patient experience at 859.260.6168. You also have the right to file your complaint with either:

**Kentucky Cabinet for Health and Family Services Office of Inspector General Division of Healthcare**  
275 E. Main St., 5E-A Frankfort, KY 40621 502.564.2888

## Office of Quality and Patient Safety

The Joint Commission One Renaissance Blvd. Oakbrook Terrace, IL 60181 800.994.6610  
patientsafetyreport@jointcommission.org www.jointcommission.org

## After Your Stay

Once you leave our care, we may continue to seek your feedback through the Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) survey. The HCAHPS survey is a tool to measure and report patient satisfaction.

If you're selected to receive this brief survey, please take the time to complete it. The results will help us know what we're doing right and where we can improve.
